

Channel Partner Certification Program

Arecont Vision is proud to announce our **NEW Channel Partner Certification Program**.

The program is designed to educate and certify Arecont Vision's resellers, distributors, and A&Es on Arecont Vision products and megapixel technology.

Sign up TODAY!

www.arecontvision.com/channelpartner.html

Benefits of Becoming a Certified Channel Partner:

Education: The attendee will receive a thorough education on megapixel technology and Arecont Vision products. They will learn to develop complete megapixel solutions from an Arecont Vision expert. The attendee will be presented with a Certificate of Completion at the end of the certification.

Promotion: The attendee can promote that he/she is certified to his/her clientele.

Leads: Certified resellers will receive preference on leads and projects.

Web Presence: Certified Channel Partners will be listed on Arecont Vision's website with a link to their website.

Demo Equipment: Certified Channel Partners will be allowed to purchase demo cameras at substantial discount.

In addition to a certificate, each attendee will receive one **MegaKit** (see back page for more details)

www.arecontvision.com channelpartner@arecontvision.com +1.818.937.0700
